

Mighty Paintball Presents

# Megarena™

## Mobile Paintball Solution

Mighty Paintball | A Trusted Name You Can Depend On

# Overview

Mighty Paintball, a division of Mighty Products Corp, is the original designer and manufacturer of the Megarena™. All other paintball arenas on today's market are trying to duplicate the expertise and design which Mighty Paintball has spent years accumulating, but with cheaper material and basic outlooking.

Mighty Paintball will present why the Megarena™ is the perfect paintball solution for mobile entrepreneurs and military installations in the following pages:

- Megarena™
- Smart Design
- Enclosure
- Material
- Handling Wheel
- Light Setup
- Wrap-Up
- Packages

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Megarena™

The Megarena™ is an inflatable arena or dome structure that is used for playing the game of paintball. The Megarena™ has two distinct owners: entrepreneurs and the U.S. government.

## Entrepreneurs

Paintball fields are not profitable if only catering to the small quantity of the hardcore paintball players. Field owners need customers that are new to the sport. Many fields face the challenge of attracting new customers to their fields due to many factors such as far distance, low marketing exposure, etc. Megarena™ is created enable you to bring the game to the crowds.

Megarena™ owners set up the inflatable arena at carnivals, fairs, and private or corporate events, where patrons can pay to play an actual paintball game.

Megarena™ puts paintball in front of people who would not have considered the sport and to market the sport to potential customers.

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Megarena™

The Megarena™ is an inflatable arena or dome structure that is used for playing the game of paintball. The Megarena™ has two distinct owners: entrepreneurs and the U.S. government.

## U.S. Government

The U.S. government uses the Megarena™ to support troops, their families, and others in the military community as a recreational activity. Paintball is a great way to provide entertainment for station families and an adrenaline rush for combat veterans. It is also a great recruiting tools.

Many military bases do not have the space available for a permanent paintball field, so the Megarena™ serves the perfect solution for a temporary paintball operation.

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Smart Design

- ◇ Inflatable Arches make for a self-supporting structure
- ◇ Easy to repair 'DupoFab' material that can be cleaned with water.
- ◇ All-inclusive setup: Each Megarena™ comes with netting attached. No need to hang heavy netting!
- ◇ Electric Blowers included to support structure
- ◇ Megarena™ is shipped on a 5'x5'x5' metal wheel for easy handling

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Enclosure

- o The Megarena™ is designed as a dome structure. The netting creates a ceiling that prevents paintballs from leaving the playing field.
- o Standard paintball netting used in the Megarena™ design
- o The paintball netting meets and exceeds ASTM F2278-03
- o The netting comes pre-installed. You do not need to connect or hang the netting to the inflatable arches. There is no need to install heavy netting at any point with the Megarena™ setup.

---

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Material

- o The Megarena™ is made from 'DupoFab', which is a 15oz mesh-reinforced, double side coated PVC
- o 'DupoFab' is a specially-enhanced fabric which is 3 times stronger than regular nylon fabric.
- o Most durable paintball arena ever made
- o A Fire Retardant material is used for the entire Megarena™ , meeting and exceeding NFPA 701
- o The fabric and netting has been tested and proven for paintball and reusable paintball use
- o Each unit comes with a Fire Retardant Certificate as required by fire marshals. In certain areas, the fire marshalls have the right to shutdown your paintball operation if a fire certificate can not be readily presented.

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Handling Wheel

- The Megarena™ comes shipped on 5' x 5' x 5' metal wheel that makes take down easier
- Lightweight design for painless setup
- Wheel makes for easy handling
- No tools are required to operate the handling wheel
- Handling wheel exclusive with Mighty Paintball

---

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Easy Setup

*The following pages will provide a brief overview for Megarena™ setup. The pages are for the Megarena™ only; you may need to setup bunkers, turf, or other products during or after this process to complete your paintball operation*

- The Megarena™ setup, depending on arena size, only requires a two to four person staff to complete.

- Bring Megarena™, electric blowers, and generators (if needed) to your paintball site. The Megarena™ is totally inflatable. The electric blowers are included in every Megarena™ package.

---

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Easy Setup

- Roll the Megarena™ exactly where you wish it to be located for setup. The wheel is actually the center of the arena, so keep that in mind when starting your setup.
- Place your electric blowers and generators all on one side of the Megarena™ . Make sure no spectators or players have access to this side. The other side of the Megarena™ will be for spectators and/or players.

---

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Easy Setup

- Electric Blowers are attached to each arena arch base for inflation. Each arena arch base will have a vinyl sleeve that will tie around the air outlet of each blower.
- Plug in the electric blowers to your generators.
- Turn the electric blowers on and watch as your Megarena™ inflates. You will leave the blowers running to keep your Megarena™ inflated.

---

Megarena™ | Exclusively from Mighty Paintball

*\*\* Megarena™ is the trademark of Mighty Paintball. Megarena™ system and design is a patent-pending design and protected by US Patent Laws as well as International Intellectual Propriety Laws. Any copy and/or imitation activities of the design are illegal and will be prosecuted by laws. \*\**

# Easy Setup

- Megarena™ inflates in minutes.
- The netting comes pre-installed. You do not need to connect or hang the netting to the modular wall panels. There is no need to install heavy netting at any point with the Megarena™ setup.

---

# Wrap-Up

- Turn the blowers off to deflate the Megarena™ .
- Unzip all zippers located through the Megarena™ to allow air to exit the inflatable.
- Use the white cloth as a guide to fold the arena back to a width suitable for the handling wheel.
- Roll the Megarena™ back onto the handling wheel.
- Take Megarena™ , blowers, and generators back to storage.
